Behold the Love of the Lord

Album 26 Song 3

Song 3 See the Love of the Lord

Psalm 105 – God's faithful love shown through His miraculous provision and guidance in the wilderness: cloud, fire, manna, quail, and water from the rock.

See the love of the Lord, behold how He leads His own,
See the way He guides His people, His mercy fully shown.

Hear the wonders the Lord has done,
Marvel at the miracles before everyone.

By day He spread a cloud to shade from the burning sun,
By night He gave a pillar of fire till the journey was done.

See the love of the Lord, behold how He leads His own,
See the way He guides His people, His mercy fully shown.

The people asked, and He sent manna from above,
Quail He gave in abundance to show His faithful love.

In the desert when they thirsted, He split the rock apart,
Water gushed out like a river and refreshed every heart.

He gave them His commands so they might walk in truth,
He gave them the nations' lands as their promised youth.

See the love of the Lord, behold how He leads His own,
See the way He guides His people, His mercy fully shown.
